

This is a photograph from the Thebes Grade School (Alexander County), Thebes Illinois dated 1935. On the back there are several names. The photo has some damage and the names on the back were written in pencil and are faded. This is the best I could make them out. The question marks replace letters I could not decipher.

This is the order they were written in on the back of the photo. Babe J. Dyer is the second from the bottom on the far left (in the striped shirt) Maybe this will help with the placement of the others?
