Medical Certificate

This certifies that I have carefully examined David H. Peloubet. Major 33^d New Jersey Vols, and find that he is suffering from general debility arising from Chronic Diarrhoea and Bronchitis.

In consequence thereof, he is, in my opinion, unfit for active duty in the field, but is able to perform light duty, in a position in which he would be comparatively free from exposure.

Menstrual pain at that time. I have been in contact in

know of any other soldiers suffering from
rheumatism during that period. I have seen that
of that period was that

We hereby certify that in compliance with the requirements of the law we have examined this applicant, who states that he is suffering from the following disability, incurred in the service, viz: fracture of the right arm and

anatomy

and that he receives a pension of ten dollars per month.

He makes the following statement upon which he bases his claim for anatomy

that I was the driver of a car of the 1st Cavalry and that I was in the line of duty on the day of the attack on the German lines at the battle of the Marne, and that I was wounded by a bullet in the right arm, and that I was unable to perform my duty as a driver of a car.

Upon examination we find the following objective conditions: Pulse rate, 64 respiration, 21; temperature, 98.6; height, 5 feet 6 1/2 inches; weight, 167 pounds; age, 41 years.

Examination of the arm and hand shows a fracture of the humerus, the bone is displaced and the joint is stiff. The arm is swollen and painful. The hand is also swollen and painful. The patient is unable to move the arm and hand.

There is a large collection of fluid in the joint. The fluid is yellow and opaque. The joint is very painful. The patient is unable to move the arm and hand. The patient is unable to perform his duty as a driver of a car.

It is my opinion that the patient is entitled to a pension for that caused by the disability.

He is in my opinion entitled to a pension for that caused by the disability.

War Department,

ADJUTANT GENERAL'S OFFICE,

Washington, Dec 3, 1883

Sir:

I have the honor to acknowledge the receipt of your request of Sept. 28, 1883, for certain information for use in the consideration of application for pension No. 492,664, and to return it herewith, with the following information from the records of this office:

It appears from the rolls, &c., on file in this office that David A. Peloubet was mustered into the service of the United States as Major 33 Regiment of N. J. Infy, to date Sept. 4, 1863, to serve 3 years or during the war. On the Muster-roll of Company F, 8th, of that Regiment for the months of Jan. and Dec., 1863, he is reported present Jan. & Feb. 1864, absent on sick leave 20 days since Feb. 28, 1864. The following is a copy of the Surgeon's Certificate, upon which said leave was based:-

Major D. A. Peloubet of the 33 Regt. N. J. I. V. having applied for a certificate on which to ground an application for leave of absence, I do hereby certify that I have carefully examined this officer and find that he is suffering from debility resulting from chronic diarrhoea, and that in consequence thereof, he is in my opinion unfit for duty. I further declare my belief that he will not be able to resume his duties in a less period than twenty days, and that a greater change than the Hospitals of this department afford is necessary to prevent permanent disability.
